

CLEARED DELIVERY PARTNER FOR DEFENCE AND GOVERNMENT

Cleared cyber and assurance specialists who deliver inside your programme. Available, accountable, proven.

Velinor is a delivery partner to primes, integrators and consultancies that have won defence and government work and need experienced people to deliver it. We hold the subcontract and deliver against scoped work packages.

OUR PEOPLE HAVE DELIVERED

MOD CLASSIFIED ESTATE

Vulnerability management across 40+ classified networks, with 100+ unique CVEs triaged and removed on real world exploitability.

NATIONAL LAW ENFORCEMENT CLOUD

Protective monitoring uplift that moved the auditor's risk rating from High to Medium, with a six figure saving.

MOD AI PROGRAMME

Secure by Design and continuous assurance on a £25m programme, accredited into live operations.

HOW WE WORK

- **Velinor holds the subcontract.** One accountable supplier for the work.
- **Scoped work packages.** Defined deliverables and milestones, structured to support an outside IR35 determination.
- **We name who will deliver.** Any change of person is agreed with you first.
- **Senior by default.** Our people lead and quality assure every piece of work we put our name to.
